Women & Child Welfare Development

Centres

- In each ward would setup a dedicated centre and team who will take up , spread awareness and would work extensively to bring transformational and positive changes in the life of women and children. Issues such as domestic violence, sanitation & hygiene, women rights, making women self-reliant by providing them training in skills like handicraft, tailoring, embroidery, value addition work.
- Similarly, a proper care for child development in terms of timely vaccinations, steps taken to eradication of malaise of malnutrition, imparting proper education, encouraging their participation in sports, career guidance, imparting life skills etc would be the core interest area for the members. Day Care Centres for infants and toddlers will be set up at all strategic and most needing places such as construction sites, farm activities, etc. so that the working parents can leave their infants at Day Care Centres. Similarly, all construction sites and labour centric activities site must have Day Care School for the children of the working parents. The members will also look after the welfare of destitute women, widows, and deserted brides of NRI bridegrooms and their children. There will be a dedicated placement & business opportunity cell wherein all women who are looking for employment, professionals , self employed or who are doing business can register themselves and the based on this these database will be available for recruiters and also for other localities to avail the services and business from this database.

lawyers, Ex Judiciary Professionals, IAS, IFS, IPS, Doctors, Healthcare Professionals etc. would be invited to become active members and assist masses & the general public through their professional domain expertise in these issues. These will be established at each ward level to take care independently of all the problems faced locally along with online assistance portal too.

Senior Citizens Care Wing

- **Living with dignity, safety, Happiness & Respect** is the right of every senior citizen which is the objective of Senior Citizen Care wing which it would thrive to achieve. Issues related to their healthcare facilities, safety & security, feeling loneliness & depression, ill & disrespectful treatment by their families, all these need to be looked into with great concern and stop from happening it to them. Developing a community based Senior Citizens living approach where they don't feel alone, unwanted & depressed. The gap between the youth and them is to be bridged leading to create a connect with the youngsters & kids so that the Senior Citizens do not feel lonely and the youngsters can learn from the life experiences of the elders is what members would be expected to bring all together.

- To provide assistance to general public in applying for aadhar card , voter card , death certificate , birth certificate , labor card , voter I'd card , aadhar card etc. in each ward in the public grievance center one dedicated IT person will be placed who will help the general public with all the departments documentation related work.

Redevelopment of Major Markets

- Delhi has multiple wholesale and retail markets attracting ample of customers not only locally but from across India and abroad too. These markets will be redeveloped phase by phase and market complexes with ample parking space, easy accessibility and better public amenities & utilities will be made. This will give boost to the business and make it convenient & safe for customers to access these markets.
- Further a dedicated Grievance cell only for addressing to market associations to address their issues, concerns, suggestions and problems would be setup.

Parking Issues

- In each parking the differential parking charges system based on timing of parking with standardized parking charges. This will resolve the problems faced by the public and also the parking rates will be revised and by 15% will be brought down.
- Further the Barat Ghars, Government Schools and colleges , community centre's additionally will be utilized for public parking in non-working hours Further in each parking at least 1 female attendant to assist women, children and senior citizens will be recruited.10% discounts on parking to senior citizens self driven cars will be given.
- We will plan to convert local parking spaces and utilise it in operating "night market baazaar" wherein those who can't afford to buy shops or pay rents can come in the night - setup there stall - pay fixed fees to concerned authorities for utilising the space and then generate income and employment. Such night markets would include street food, clothing, basic home amenities etc and would give a chance for people to utilized the time after there .jobs to meet there local needs. Thus unemployment, generation of income through these businesses and less pressure on main markets at peak time can be achieved.

DELHI MCD ELECTION 2022 MANIFESTO

•We will increase every year by 5% salaries of all Granthis & Pujaris registered officially with the governing bodies of regulated religious institutions in India and provide 10% scholarship of tuition fees for their male and 25% scholarship fees for their female children till post graduation. Those who preach values, convey the message of our God & inculcate humanitarian brotherhood community development needs to be respected & prioritised for the welfare of their families and their children education. •To support public transport system we will plan to setup government owned and controlled cab services which will compete with existing private cab service providers and would provide similar services at a cheaper cost with a well managed system. This will create additional employment and in order to provide women empowerment government owned & operated driving training institutes will be setup wherein at nominal cost driving classes will be given and those candidates of these centers pass the examination they would be given priority in recruiting them for driving in the cab services.
